

IT'S FALL, Y'ALL!

Mrs. Schwamborn's Newsletter Week of September 18th

By this time my blood type is pumpkin spice...☕

"It's almost the first day of autumn! A time of **hot chocolatey mornings, and toasty marshmallow evenings**, and, best of all, leaping into leaves!" – Winnie the Pooh

What a very busy first full week of school. They are all officially Third Graders! We completed our first Journeys lesson as well as our first chapter in Science. They all did **AMAZINGLY** on their first spelling test and science quiz.

On Monday the First Lady of Poland will be visiting our school. She will be visiting after hours. Only those who signed up will be able to attend. If you and your child are attending, please be sure they are wearing their uniform.

This week we will continue learning about multiplication as equal groups and division as sharing. We should be wrapping up this first unit by the end of the week with a math test on Friday. Beginning next week the class will be learning their multiplication facts. I strongly suggest practicing every night. We will make flash cards in school and they will be bringing them to and from school in their folder.

We will continue reading Charlotte's Web as well as working on our second lesson in Journeys. The new spelling words have been posted on the class webpage. In Grammar we have been learning about complete sentences, subjects and predicates. We will continue this week with types of sentences.

Our Social Studies lessons this week will focus on landforms and labeling all seven continents and five oceans on a map. They will be given a blank map everyday to practice and will earn DoJo points for each correct answer. In science we will continue learning about force and motion.

Also this week we will begin the iReady Diagnostic. Each child will also be tested in reading to determine their reading levels. Once everyone has completed the diagnostic and reading benchmark testing, I will send home results. Please reach out to me directly should you have any

questions regarding this. Once all testing is done, we will use the data to determine RTI needs and goals.

The class is very excited about earning DoJo points and are looking forward to the prize store being opened this Friday! Thank you to the parents who have helped supply the store by scanning the QR code from Meet the Teacher and purchasing from the Amazon List.

Don't forget to join us for morning prayer.

Finally, If you have not signed up on the Remind App, please do so. The code can be found on the class webpage as well as in your folder from Meet the Teacher night.

Happy fall! 🍁 🍂

Did you know...?

Equinox comes from the Latin words for 'equal' and 'night'? Meaning that on the equinox, the day and night is roughly equal in length.

"It's like going
back to school. You know,
autumn! Time for Harry Potter."
— Robbie Coltrane

"Life starts
All over again when it gets
crisp in the fall."
— F. Scott Fitzgerald

"She loved the fall,
All the sun-faded colors of
summer repainted by vivid reds
and golds."
— [Naomi Ragen](#)

"Every leaf speaks bliss to me..."
