SACRAMENTS SERVICE SAINTS SPIRIT SCHOLARSHIP

Dear Parents, Faculty and Staff,

On Monday, April 7th, the Most Reverend John O. Barres, Bishop of the Diocese of Rockville Centre visited St. Anne's School. We held a student-led assembly for grades K through 8 that morning at which our students shared a number of initiatives that reflect their Faith and their learning over the course of this year here at St. Anne's. Student speakers shared how they have prepared for the reception of Sacraments in grade 2 (Reconciliation and First Holy Communion) and in grade 8 (Confirmation). Students also shared how the partnership with Catholic Health Services has enhanced the coursework in their 7th grade STEM class as well as the 8th grade Living Environment course. Students in our Aquinas Science Research Program spoke of their work in preparing for the Science Symposium at Most Holy Trinity High School in May. Students in grades 3, 6 and 8 shared their work in fulfilling the "service initiatives" for their grade, i.e. Senior Scene, "Support Our Troops," and "Share-a-Meal" respectively. Students from each grade then shared lessons they have learned regarding the Nicene Creed, in this its 1700th anniversary, and its impact on their faith. Finally, our Angel Choir performed a song, "Give Thanks with a Grateful Heart" frequently sung at our school-wide masses. Bishop Barres, Father Matthew Browne, Director of Evangelization and Catechesis, and Father John Crozier, Director of Vocations and our very own Father Tom addressed the student body.

It was a very exciting and inspiring assembly for our students and for our school community!

## SAINT ANNE'S SCHOOL

SACRAMENTS SERVICE SAINTS SPIRIT SCHOLARSHIP

Continuing our partnership with Catholic Health Services, our 7th grade STEM students were visited this week by IT expert Tracy Miller. Ms. Miller discussed coding and how to use the MyChart app. She spoke to students about what goes into developing an app that is user friendly and helpful to both patients and doctors. Students also learned how Catholic Health is using AI. Students were able to connect the coding program they are using in STEM class to career opportunities possible to them in the future. What a terrific program!

*Wednesday, April 23rd, we honor the  
Administrative Professionals who serve  
Saint Anne's School with unwavering  
support and dedication.*

*thank you*

MRS. MCGOVERN AND MRS. MCCANN

*This year they will especially  
enjoy their day off!*

I would like to thank each of you for your effort, dedication, and most importantly the gift of your time.
