

Hello, my new 7th graders!

I am so excited to have you again next year. I hope you truly enjoy all that summer has to bring you. Kick back, relax, and, of course, read!

Your summer reading assignment for this summer has three parts:

1. Please read the novel, *The Hobbit* by JRR Tolkien
 - a. You can rent this from the library, read it on an e-reader, or read a physical copy
2. Take notes on what you've read
 - a. You can do this in a notebook like we do in class, on sticky notes, or in the margins of your novel if you own it
 - b. This is very important, since you will be taking a test on the novel when you return**
3. One Pager: Please see the attached outline for details!

See you next school year!

Miss Curry

One Pager Directions

A one pager is a way to visually share key ideas and information from what you have learned. When you create a one pager, you are trying to use both visual symbols and important words to clearly and concisely share your most important takeaways with someone else.

For this one pager, I've provided you with a template.

Here's what it **MUST INCLUDE**:

- A border which somehow represents the key themes from what you have read
- An image in the upper left hand corner with a quotation woven into or around it. This image should somehow represent what you consider to be the most important symbol in the text so far.
- Images and/or doodled words in the upper right hand corner that represent the key characters from the text and perhaps how they are changing
- Images and quotations in the lower left hand corner that show the author's style of writing, and the power of the language that is used
- Images and/or words in the bottom right hand corner that show connections between the themes and ideas in the writing and what is going on in the world today.
- Three important quotations from the text
- Words and/or images that show the significance of the setting in some way

You may also add other symbols, drawings, and words that represent the reading as you wish.
