

June 21, 2022

Dear OLP Families,

It has been an incredible school year. Your children have learned so much since September. Though the school year has ended, your child's learning and growth throughout the summer is essential for a smooth transition in September. Your child will be receiving assignments in both math and reading in order to ensure that students continue making progress.

iReady has been a tremendous resource for growth. All students will be receiving 10 assigned math lessons to complete. Student login information will be sent home. We will be monitoring student progress and will see the amount of time spent on lessons. **Students must pass each lesson with 75% accuracy or it may be reassigned.** Work carefully and with your full attention! Attached is a *recommended* schedule for students to complete the math lessons. This ensures that all the lessons are completed. The iReady window closes on August 13, 2022. All lessons MUST be completed prior to that date.

Week of July 4th	Complete 2 assigned math lessons
Week of July 11th	Complete 2 assigned math lessons
Week of July 18th	Complete 2 assigned math lessons
Week of July 25th	Complete 2 assigned math lessons
Week of August 1st	Complete 2 assigned math lessons <i>*iReady closes Aug 13, 2022</i>

Students will also receive a summer reading assignment. All assignments will be posted on our school website. You can find the assignment under the "Summer Reading" tab. The assignment is for the grade your child will be entering in September.

Thank you for your cooperation and support! Have a wonderful summer!
