## **Immunization Compliance Notification**

In accordance with NYS Public Health Law 2164, 10NYCRR 66-1.3(c) (d) any student entering into school for the first time or entering into a specific grade level that mandates a required immunization, must provide the school with proof of immunization by the following means:

1. Proof of immunization of NYS required immunizations signed and stamped by a licensed medical practitioner.
2. Proof by letter signed and stamped from a physician stating that the student is in process and will receive the required immunization(s) listed on the NYS recommended Catch Up schedule.
3. Proof of a medical exemption signed and stamped annually from a licensed medical practitioner.

If Sts. Philip and James School does not receive the required proof of immunizations listed above, the student will be **excluded from school** and the Suffolk County Department of Health notified.

A schedule of required immunizations is posted on our school website as well as upon request. Please note that you can schedule your child's immunization(s) without waiting for a well visit, since it is paramount that immunizations are completed and proof provided.

If assistance is needed in having your child immunized, please contact the Health Office. Every effort will be made to help assist parents/guardians with this process.
