June 2025

Dear Parents,

Part of the fifth grade Family Life/Health Curriculum is the study of the emotional and physical changes occurring in the transition from childhood to adolescence. In order to assist in informing the boys and girls about these changes, they will view a video entitled, *Always Changing*, on **Tuesday, June 10th**. Mrs. Kristine Keating and Mrs. Kim Dowdell will lead the class with the girls and Dr. Sean McCabe, our school psychologist, will lead the class with the boys.

This letter is posted on the school's Tuesday Packet to provide easy access to the links.

The boys and girls will view the appropriate videos separately. Please view the video **before June 10th** and return the tear-off below to your child's homeroom teacher by Monday, June 9th. A question box will be available for students who have any questions after the presentation. If there are questions not answered, the students will be advised to speak to their parents.

Thank you for your consideration in this matter. Please feel free to contact me with any questions or concerns you have regarding the information in this letter.

Sincerely,

Mrs. Cecilia St. John
Principal
