March 2, 2026

Dear Parent(s):

Screening for scoliosis, a curvature of the spine, will take place at St. Agnes Cathedral School the week of March 9, 2026 .

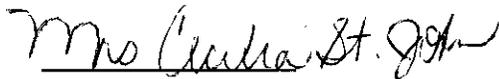

According to New York State Education Law, all girls in grades 5 and 7 are to be screened for scoliosis. Please note that if your child's healthcare provider performed the screening at their annual physical, and indicated the results on their most recent physical exam form, then your child will not be screened.

Screening will be performed by the school nurse on your child's assigned gym day. It is suggested that the girls wear a solid color leotard or a bra for the screening.

Privacy and sensitivity will be primary in planning and implementing this screening.

Thank you for your cooperation in this matter.

Sincerely,

Mrs. Cecilia St. John
Principal
