

Grade 2
Math Test Corrections

Test corrections are a way to bump up one's test grade and relearn the math strategies. Please remember that the lowest grade is dropped each trimester.

This is completely optional.

Directions: on a piece of loose leaf or printer paper, rewrite the questions marked wrong. Complete the questions correctly. You will then hand write 2 sentences:

- Identify your mistake and what you did incorrectly.
- Explain the correct way to complete the problem.

Test corrections are due 1 week after the test.

As always, if you have any questions, please let me know.

Mrs. Springer
