### **St. Mary School Tuition Assistance Program**

The SMSTAP (Saint Mary School Tuition Assistance Program) is a grant that will help offset a portion of the tuition for qualifying families. This program was founded in an effort to assist families in continuing their child's Catholic education here at St. Mary School.

In order to apply for SMSTAP please do the following:

1. Apply for a grant from Tomorrow's Hope Foundation
2. Enroll in the Blackbaud tuition management payment program
3. Please contact Mrs. Gale Gallagher at the Saint Mary School Business Office at (631) 581-3423 ext.137 for further information.

\*Extenuating financial circumstances may be reviewed by the program committee for consideration and final approval.

In order for this program to be self-sustaining and grow in its efforts to assist more families, donations to the program will be accepted from school families. Your donation will help a child to have a Catholic education. Donations can be made and will be restricted solely for the use in the SMSTAP program. All donations must be strictly addressed to the Saint Mary School Tuition Assistance Program (SMSTAP). We thank you for your continued support.
