## RESPECT LIFE CORNER

"In times of suffering, the human person should be able to experience a solidarity and a love that takes on the suffering, offering a sense of life that extends beyond death... In the family a person can count on strong relationships, valued in themselves apart from their helpfulness or the joy they bring. It is essential that the sick under care do not feel themselves to be a burden, but can sense the intimacy and support of their loved ones" (SB 4-5).
