Aftercare Information

with Saint Mary Villa

St. Mary Villa offers the after-school programs at Saint Ann School. We strongly believe that this program is a place where children can grow academically, socially, and emotionally within a safe and secure environment.

Our goal is to provide structure and limits, as well as adequate freedom and various choices for the children to thrive and be successful. The environment is designed to foster independence and allow all students the chance to grow and learn at their own pace.

Our staff receives special training in developmentally appropriate practice for school age care, in addition to basic first aid and CPR training. The staff is dedicated to ensuring a safe and happy experience for your student while in our care.

In order for the program to be successful and meet the diverse needs of everyone, input from both parents and students is vital. We want parents to feel comfortable in making suggestions for improvements or voicing any concerns as they arise. We welcome the opportunity to talk with our stakeholders to make the program a success.

Some information information to note:

- **Cost?** SAS Tuition does not include aftercare.
- **Time?** The program is open from school dismissal until 6:00pm. When school is closed, the hours of operation are from 7:30am until 6:00pm (except major holidays). During the summer months, Saint Mary Villa offers a summer camp for SAS students.
- **Location?** SAS Cafeteria/Gym
- **Staff?** Saint Mary Villa
