Preschool Program

At St. Patrick Clover Patch Preschool, children are encouraged to learn and grow at their own pace in a warm, nurturing environment. Using the Creative Curriculum, our program builds strong foundations in literacy and math readiness while supporting the whole child.

Students participate in a wide variety of engaging activities that enrich learning in reading, language arts, math, science, social studies, and art. With low adult-to-child ratios, teachers and experienced associates can provide individualized attention through:

- Large and small group instruction
- Hands on learning centers
- Art, music, and movement activities

Our goal is to create a joyful, supportive setting where children feel confident to explore, discover, and succeed.

Students are introduced to Spanish language instruction, which continues in kindergarten at St. Patrick Catholic School—helping provide a smooth and enriching transition into elementary education.

Spiritual Component

We welcome students of all faith traditions into our caring, family-centered community. Our environment reflects a Christian approach to living and learning together, grounded in kindness, respect, and compassion. We help children build a positive sense of self by celebrating the belief that each child is uniquely created and deeply valued by God.

A Great Place to Learn

We provide an engaging environment where learning is joyful and fun. Through cooperative play and group activities, children build the social skills and confidence they need for success in school and beyond. When your child is not with you, there is no better place to grow, learn, and belong than Clover Patch Preschool.

St. Patrick Clover Patch Preschool is a licensed preschool dedicated to helping each child reach their fullest potential through a high-quality educational program rooted in Christian values and a caring, faith-filled environment.
