This Course began Sunday, January 8th. We meet in Room 4 after the 9:00 Sunday Mass, starting about 10:15. Coffee & donuts are available.

In the Seasons of Hope program, there are 4 "seasons". We'll meet every week for 6 consecutive weeks, then take a break before starting the next "season".

Anyone who has suffered a loss of any kind is welcome. The time of your loss is not a determining factor at all. Please call the office to register your interest. God bless you.

This Mexican case starts in October 2006, when Father Leopoldo Roque invited Father Raymundo Reyna Esteban to lead a spiritual retreat for his parishioners. Father Leopoldo and another priest were distributing Communion, assisted by a religious sister who was to the left of Father Raymundo, she turned toward the priest, with the "pix" containing the Host, her eyes filled with tears, the Host that she had taken to give Communion to a parishioner had begun to effuse a reddish substance. The scientific research conducted between October 2009 and October 2012 came to the following conclusions, "1. The reddish substance corresponds to blood in which there are hemoglobin and DNA of human origin. 2. Two studies conducted by well-known forensic experts with different methodologies have shown that the substance originates from the interior of the Host, excluding the belief that the substance was inserted from the outside. 3. The blood type is AB, like the one found in the Host of Lanciano and in the Holy Shroud of Turin. A microscopic analysis of magnification and penetration reveals that most of the blood has been coagulated since October 2006, the time of the original sighting. Moreover, the underlying internal layers of the Host revealed, in February 2010, the presence of fresh blood. 5. They also found intact white blood cells, red blood cells, exactly as occurs in a living tissue. 6. Further analysis determines the presence of protein structures in a state of deterioration. 7. Detailed studies reveal that the tissue found corresponds to the muscle of the heart (Myocardium). On account of the scientific results and the conclusions reached by the theological committee, the Bishop of Chilpancingo, his Eminence Alejo Zavala Castro, announced the following:

- The event does not have a natural explanation.
- It does not have paranormal origin.
- It is not traceable to manipulation of the enemy.
