OUR VISION

Through a robust college-preparatory curriculum rooted in the Catholic faith, Frassati Catholic High School prepares students to walk on the path of true happiness. Inspired by our patron, Blessed Pier Giorgio Frassati, Man of the Beatitudes, graduates of Frassati Catholic will be true moral, intellectual, and civic leaders who lead others on the path to beatitude. Frassati Catholic graduates will be agents of change in all sectors of society, building a culture that embodies the truth about the human person who is destined to share in God's own divine life.

SCHOOL COMMUNITY

Frassati Catholic High School is a college preparatory high school located in the northern region of the Archdiocese of Galveston-Houston. The Catholic segment of this population currently supports 12 parishes and 8 Catholic elementary schools.

Over the past 165 years, the Dominican Sisters of St. Cecilia Congregation have given the fruits of their contemplation in the apostolate of Catholic education. In addition to Frassati Catholic High School, the congregation is present in 42 schools across 22 dioceses, teaching children and young adults, pre-school through college level, in both suburban and inner-city schools, private and diocesan, domestic and international.

ACCREDITATION

Frassati Catholic High School is accredited by the Texas Catholic Conference of Bishops Education Department.

Frassati Catholic holds memberships in The Institute for Catholic Liberal Education, The College Board, Houston Association of Independent Schools, National Catholic Education Association, the Texas Association of Private and Parochial Schools, Association for Supervision and Curriculum Development, National Association of Secondary School Principals, the Texas Association of College Admission Counseling, and the National Association of College Admission Counseling.

Fine Arts

The Fine Arts Curriculum at Frassati Catholic High School provides opportunities for students to explore the arts and to acquire historical and cultural knowledge while developing creative skills across various fine arts. The study of the fine arts guides students' creativity towards an informed and authentic expression, in service of beauty and truth.

Athletics

Approximately 77% of the student body participates in at least one sport. Sports include cross country, football, volleyball, soccer, basketball, swimming, baseball, track & field, golf, softball, and tennis.

ETHICS & CULTURE DEPARTMENT

The Ethics & Culture Curriculum is foundational to the overall education of the students at Frassati Catholic. These courses give our students the tools to think, to apply reason and clear critical thinking to each academic discipline as well as to all aspects of the culture that surrounds them. Perhaps at no other time in history has logical thinking been more necessary than it is now in our informational age where a myriad of facts is often mistaken for wisdom. Concepts taught in ethics and culture are integrated and reinforced in other areas of study, enabling students to see that the truth is not compartmentalized. This imparts a deep sense of the interrelatedness and meaningfulness of all of reality. These courses teach students not only to seek the truth, but that truth can be found with certainty. Such philosophical study also equips students to recognize relativism, secularism, and the underlying beliefs about the human person that inform our popular culture today.
