Blessed Sacrament School

... is Unique

Objectives of a Catholic Program

- * Assess the developmental stage of the child with particular emphasis on his/her strengths and needs
- * Offer opportunities for the child to explore and to take appropriate risks without fear of failure
- * Provide developmentally appropriate activities that promote the spiritual, social, intellectual, emotional, creative, and physical development of the child
- * Recognize and encourage the unique contribution each child and family offers to the early childhood community.
- * Learning the life of Jesus and how He is our friend.

... welcomes all Faiths

Blessed Sacrament is more than just an educational institution, we are a *faith community*. We are a ministry of the Catholic Church and emphasize Catholic teachings, virtues, and traditions. However, we value diversity and a respect for all faiths. Families from other faith backgrounds are a welcome part of our school community.

We invite you to ask us any questions you may have regarding faith development and instruction.

Parent Testimonials

"I was afraid that my daughter would have trouble transiting to Blessed Sacrament coming from another daycare and I am glad to say that is not the case. It seems as Gabby has always been there. Mrs. Greeson and all the other teachers are great. Gabby enjoys and looks forward to going to pre-school and learning new things with her many new friends. "

Preschool Parent

"PreKindergarten at Blessed Sacrament was our daughter's first time in a school setting. The nurturing environment and attentive teachers made the entire transition a positive experience for our daughter."
