MESSAGE FROM OUR PASTOR

Dear Parish Family,

I want to wish you all a very Happy Labor Day. As disciples of Christ, we are entrusted with the indispensable work of leading our families into a deeper relationship with Christ and His Church. May this Labor Day refresh us and help us to recommit to this privilege of co-laboring with Christ and His Church.

We are gearing up for what may be the most important constitutional vote in our lifetime this November. Entrusted with the task of upholding the dignity of the human person from conception through natural death, all people of good will have a moral duty to vote NO on November 7 to the proposed amendment that would enshrine unrestricted abortion access into our State Constitution. There is absolutely no justification whatsoever for the intrinsic evil of abortion which intentionally kills the life of a preborn human person and harms the dignity of women in vulnerable situations.

In today's bulletin, we have a "Where Does It Say That?" page from the Catholic Conference of Ohio with the language and explanation of the abortion ballot initiative for November's election. The wording of the November proposed amendment is intentionally vague and open-ended, without clear protections for the health and well-being of children, mothers, or parents. Legal precedence has already been set in courts across the country with amendments with language such as this to abolish parental notification and consent requirements which are in place to protect minors, to eliminate basic health and safety requirements in place to protect women, and to justify late-term abortions for any reason.

Now more than ever, we need all people of good will to stand together to uphold human life and dignity at all stages of development, walk with women in vulnerable situations to protect their integral health and wellbeing, and defend parental rights to be involved in these critical life decisions of their children. We need to especially empower women to speak out against this amendment. We need to ready our hearts to renounce the lies characterizing the pro-life message as "anti-woman" and "anti-choice," and the courage to announce the truth in love that by advocating for life, we are in fact upholding the dignity of all children, women, and men. Abortion advocates will politicize this right to life matter into a partisan republican vs. democrat issue. We must reject these false categorizations. Regardless of our political stance, we must see abortion for what it is as the intentional killing of an unborn human person, and commit ourselves to bringing light, hope, and healing in places where there is darkness, despair, and death.

Remember that Christ is the light of the world. He illumines our hearts with His light so that we in turn may share His light with others. You are reading this because Christ needs you to be His light in a world of darkness, to pray for people who are confused about clear moral issues and help soften hearts and change minds to uphold the dignity of all human life. We are men, women, and children of faith, and our faith has so much good to offer in this cultural climate. Our faith impels us to speak the truth about the dignity of the human person in love. Like the early Church, we might be a far way off from living in a society that deems abortion an unthinkable reality, yet we must start from where we are today with the hope born from a living faith in Christ.

Finally, I realize talking about abortion might bring up painful wounds for some people. If you or someone you know are seeking healing from the trauma of abortion, please reach out. There are many resources available for healing: Project Rachel and Bethesda House of Mercy are two wonderful places to start. In Christ, there is always a way forward for healing.

Please visit <https://stmarychardon.org/vote> on a regular basis for updated information and resources.

I am Yours in Christ,
Father Scott Goodfellow

WHERE DOES IT SAY THAT?

THIS CONSTITUTIONAL AMENDMENT...

THREATENS PARENTAL RIGHTS

By using “individual” instead of adult or woman, anyone under the age of 18 could have an abortion or make any other reproductive decision without their parents’ consent or notification.

PUTS WOMEN AT RISK

Current Ohio laws* require abortion providers to explain procedure risks and ensure access to hospital transfer if needed. These health and safety standards could be seen as a “burden” and be eliminated, making it even less safe for women seeking an abortion.

ALLOWS ABORTIONS THROUGH 9 MONTHS OF PREGNANCY

In U.S. law,** “health” includes age or physical, emotional, or psychological well-being. This means a woman’s age or emotional health could be cited to justify aborting a full-term baby. An abortion-providing physician would decide when a baby could survive outside the womb, leaving no clear protections for preborn children.

IS MISLEADING

Referring to “miscarriage care” promotes a myth that a “right to abortion” is necessary to preserve care for miscarriages and ectopic pregnancies. This is false. Catholic hospitals have always provided comprehensive miscarriage care and will continue to do so regardless of the outcome of this vote.

ARTICLE I, SECTION 22

*The Right to Reproductive Freedom
with Protections for Health and Safety*

1. Every individual has a right to make and carry out one's own reproductive decisions, including but not limited to decisions on contraception, fertility treatment, continuing one's own pregnancy, miscarriage care, and abortion.
2. The State shall not, directly or indirectly, burden, penalize, prohibit, interfere with, or discriminate against either an individual's voluntary exercise of this right or a person or entity that assists an individual exercising this right, unless the State demonstrates that it is using the least restrictive means to advance the individual's health in accordance with widely accepted and evidence-based standards of care.
3. However, abortion may be prohibited after fetal viability. But in no case may such an abortion be prohibited if in the professional judgment of the pregnant patient's treating physician it is necessary to protect the pregnant patient's life or health.
4. As used in this Section, “Fetal viability” means “the point in a pregnancy when, in the professional judgment of the pregnant patient's treating physician, the fetus has a significant likelihood of survival outside the uterus with reasonable measures. This is determined on a case-by-case basis”; and “State” includes any governmental entity and political subdivision.
5. This Section is self-executing.

PRINCIPAL'S CORNER WITH MRS. FEDAK

This past week the K-8 students were able to hear the speeches of the Student Council nominees. The students voted using a Google Form. While we did not know the outcome by the time this bulletin went to print, we will have the results for next week.

This Thursday, the Church Families were able to meet for the first time. Each family reviewed the purpose of the Buddy Bench that is on our playground and how to use it if they were to need the Buddy Bench. Then they built a tower of index cards showing all of the things they had in common. Each family reunited the members from last year and welcomed the new members with the addition of this year's Kindergarten and the new students who joined St. Mary this year.

Parents learned more about their child's homeroom during the Curriculum Nights we held this past week. Teachers reviewed the curriculum and I went over some school-wide updates to keep everyone informed. Parents of the fourth grade also learned about our Band Program and how their child can become involved.
