THE BENEFITS OF NATURAL FAMILY PLANNING

IT'S EFFECTIVE

Modern NFP is not your grandmother's "rhythm method". NFP is based on researched fertility science and is up to 99% effective at postponing pregnancy.

IT'S NATURAL

There are no pills, no devices, no implants, nothing except you and your amazing body!

IT'S SPIRITUALLY BENEFICIAL

Natural Family Planning methods respect our dignity as human persons, encouraging couples to think of the other, and promoting a chaste, family-centered lifestyle.

IT'S EMPOWERING

When a woman observes and records her fertility signs, the knowledge gained gives her a sense of confidence and empowerment.

IT'S HEALTHY

Unlike artificial forms of birth control which can cause cancer or infertility problems, NFP is very healthy. The information a woman observes through her use of NFP not only aids her with her fertility awareness, but can point to her overall health.

IT'S VERSATILE

There are many options available for couples who want to use NFP, so you can find a method that meets your needs and your lifestyle.

IT'S A BLESSING FOR MARRIAGE

Couples who use NFP frequently report increased communication, empathy, trust, and marital and sexual satisfaction.

IT'S COST EFFECTIVE

While the initial costs to learn NFP may vary, the long term costs are actually quite inexpensive.
