## Respect Life

*"Come and see!"* In every human situation, marked by frailty, sin and death, the Good News is no mere matter of words, but a *testimony to unconditional and faithful love*: it is about leaving ourselves behind and encountering others, being close to those crushed by life's troubles, sharing with the needy, standing at the side of the sick, elderly and the out-cast... *"Come and see!"*: Love is more powerful, love gives life, love makes hope blossom in the wilderness. Easter "Urbi et Orbi" message of Pope Francis 2014

Special thanks to the Knights of Columbus for sponsoring the drive, hauling the donations down to the Old Hall and helping weigh our donations. This Lent, we collected 10,323 pounds of food. The drive really helped restock our shelves and had a wonderful impact on our Easter outreach.

**First 1000 Days: A Catholic Culture of Life Initiative**  
The Office of Life, Justice and Peace at the Archdiocese of Portland is distributing 143 weeks of short reflections supporting 1000 days. It's a commitment to learn, reflect and act on the all-important 1000 days from conception through a child's second birthday. These 1000 days are the most crucial for a child's development and are our best opportunity to shape a healthier, more prosperous future for every child.

This initiative is primarily the work of the Office of Life, Justice & Peace, Catholic Charities of Oregon, and Mother & Child Education Center. For more information, please go to <http://www.archdpdx.org/jprespect/1000-Days.html>.

**Reflection for Sunday April 5, 2015—Where All Are Welcomed and Loved With Mercy - Day 21**—Every child who, rather than being born, is condemned unjustly to being aborted, bears the face of Jesus Christ, bears the face of the Lord, who even before he was born, and then just after birth, experienced the world's rejection. *Pope Francis*

# **St. Francis School**

## **Accredited through June 2020**

The fourth graders have been working very hard on "The Passion of Christ," a short play which they performed for the school in the afternoon on Holy Thursday. They have been closely studying the last days of Jesus while also working on their speaking skills. They have been practicing speaking loudly and clearly as well as speaking with expression. The class has done an excellent job of memorizing their lines and learning their blocking for the scenes. They are very grateful to be able to share this important time in Jesus' life with others.

This is a very busy time of year for the fourth graders! They are just getting started on their Science Fair projects. The fourth grade students have found a testable question they would like to study and will be making an experiment to help find an answer. So far, they have written their hypothesis, materials list, and procedures pieces. In the upcoming weeks, they will be recording their data, creating a chart or graph to display their findings, and then writing a conclusion about the results. They will finish this project by presenting their findings and ideas to the school.

In addition to the Science Fair, the fourth graders have also been learning how to research and take notes from multiple sources. They have been studying Oregon all year and will now be researching one of the six regions for a formal report. In addition to their research, they will be creating a computer presentation for the class so they may display and speak about all of the interesting information they found on their region! They will finish off the year in their Oregon Trail wagons trying to safely reach their Oregon destination!
