**DEAR PARISHIONERS,**

In contemplating the Feast of Epiphany, I thought back to a series of talks I gave during a parish mission this past Lent. As you may or may not know, one of my passions is flying. The talks revolved around the three basic rules of flying (Aviate, Navigate and Communicate) which I wove into the common spiritual life that each of us should aspire to have.

While covering the topic of "Navigate" I couldn't help but to think of how the Wise Men followed the Star of Bethlehem and how it relates to pilots (by sea or air) who, at one time, relied heavily on the stars for a sense of direction to get them to their final destination. I utilized the historical figure of Charles Lindbergh and his epic non-stop flight in 1927 to Paris, France as an example.

Lindbergh was not really much of a man of faith. At that time in his life he would claim to be "spiritual" but not religious. As a child, Lindbergh said he had resented church and found God "vague and disturbing" as remote as the stars, and less real – he said that you could see the stars on a clear night; but you never saw God.

In his younger days, Lindbergh said, "It doesn't matter whether you believe in God!" As a child, while listening in on a dinner table conversation about science he remembered thinking to himself, "Your experiment works, or it doesn't. Science is a key to all mystery. With this key, man can become like a god himself. Science is truth; science is knowledge; science is power." So, yes Lindbergh was not particularly religious and it showed.

Lindbergh flew the airplane, "The Spirit of St. Louis" with minimal instrumentation on board. He had no radio and no sexton. The only navigational aids included were an Inductor compass, a Magnetic Compass; and an 8-day windup clock. This cockpit configuration came as no surprise as it reflected the reality of the man himself as one who lacked the "navigational instrumentation" from within most specifically the absence of an interior moral compass with its orientation toward God.

Needless to say, this epic flight changed him. Lindbergh set off for his journey by the use of DR (Dead Reckoning) coupled with course and time calculations. Over the ocean with no landmarks to trace coupled with the lack of sleep and the onset of delirium because of it, Lindbergh began to question himself and **his math and science mindset.**

In his autobiography, as he contemplated falling asleep at the controls and pondered the grim possibility of crashing into the icy waters below, he wrote, "as life waits at the end of a dream do you really meet your God, or does blank nothingness replace your being?"

He further writes, "It's hard to be agnostic up here in the Spirit of St. Louis, aware of the frailty of man's devices, a part of the universe between its earth and stars. If one dies, all this goes on existing in a plan so perfectly balanced, so wonderfully simple, so incredibly complex that it's far beyond our comprehension – worlds and moons revolving; planets orbiting on suns; suns flung with apparent recklessness through space. There's the infinite magnitude of the universe; there's the infinite detail of its matter – the outer star, the inner atom. And man, conscious of it all – a worldly audience to what...if not God?" As he questions the frailty of man's devices and also becomes ever more aware of the frailty of mankind, Lindbergh begins to believe in God.

Despite weather deviations and extreme fatigue, Lindbergh reached the coast of Ireland within 3 miles of his intended great circle course.

## IN THE PARISH

This weekend we are blessed to be hosting a priest representing Cross Catholic Outreach. Brochures with a donation envelope will be provided if you wish to support this worthy Catholic ministry. ### Christmas Lights Recycling

The Social Justice Committee and Green Team have marked bins available outside the main entrance of the church and in the vestibule on the north side of the church looking over the school parking lot. **We will be collecting burned out Christmas lights through January 15.**

## MUSIC

Coordinator of Liturgical Music  
Amy Dolan

**What does the word Epiphany mean?** The name Epiphany comes from the Greek epiphaneia, meaning “appearance” or “manifestation,” and refers to the manifestation of Jesus Christ to the world. The holiday is also called the Feast of Epiphany, Theophany, or Three Kings’ Day. The Feast of Epiphany is always celebrated on the second Sunday after Christmas.

Since Vatican II the last day of the Christmas Season is the Baptism of the Lord, which is usually celebrated on a Sunday, except when Christmas falls on a Sunday, as it does this year, and then we celebrate the Baptism of the Lord the Monday following Epiphany. So, this year we have a very short Christmas Season. Prior to Vatican II, the Christmas Season used to last 40 days, just like Lent, and it ended on the Feast of the Presentation, February 2nd. While I like keeping my tree up until the Feast of Epiphany, I don’t think I could handle keeping it up over a month!

So this weekend is your last chance to sing Christmas carols and take in the beauty of the decorations, the lights and the poinsettias in the church. As you do this, consider the last verse of “We Three Kings”:

**“Glorious now behold him arise, King and God and Sacrifice.”** I can’t think of another hymn where we give God the title, “Sacrifice.” We think of Jesus’ sacrifice during Lent and Holy Week, but it is a powerful reminder during Christmas as well. Blessings and warmth on this feast of Epiphany.

Please pray for all seminarians of the Archdiocese of Dubuque and those in formation for religious life.

### Prayer for Vocations

## A FAMILY PERSPECTIVE – BUD OZAR

Today’s gospel tells us “all Jerusalem” was upset because “King Herod was deeply troubled.” A similar ripple effect happens in families; one person’s negative attitude can affect the whole family. If you want a peaceful and joyful home, it must start with you. Be peaceful and joyful!

## MARRIAGE ENRICHMENT

“They were overjoyed at seeing the star, and on entering the house they saw the child with Mary his mother” (Mt 2:10-11). Spend some time today as a family basking in the joy of Christmas. Visit a nativity scene and pray together.

Continued from page 2.

But he knew that something other than skill or equipment had allowed such accuracy. It was by the hand of God that the winds, during his flight, had caused no significant drift. It was by divine providence that he completed that trip.

When it comes to Navigation, as we fly airplanes or live life, we need a sense of direction that comes from both exterior markers and an interior compass. We have faith communities in our Catholic Church that serve as fixed points along the way. And, with an informed and properly formed conscience through study of scripture and theology couple with prayer and sacraments we can make the trip in good shape. Our final destination, in this life, is to get to heaven and, along the way we must encounter the ONE, in a variety of different ways, who gave us life in the beginning and will give us eternal life in the end. We must have our orientation set on Jesus who is and who forever will be, The Great, "I AM."

Fr. Phil Gibbs, Pastor
