Life Line Screening goes beyond regular checkups to look inside your arteries for signs of plaque build-up

All 4 Screenings for \$149

Carotid Artery Disease:

An ultrasound is performed to screen the carotid arteries (a pair of blood vessels in the neck that deliver blood to your brain) for buildup of fatty plaque. This buildup, called atherosclerosis, is one of the leading causes of stroke.

Peripheral Arterial Disease (PAD):

An Ankle-Brachial Index (ABI) test is performed using blood pressure cuffs on the arms and legs. It is important to screen for PAD because it increases the risk of coronary artery disease, heart attack, or stroke.¹

Abdominal Aortic Aneurysm (AAA):

An ultrasound is performed to screen the abdominal aorta for the presence of an enlargement or aneurysm. AAA can lead to a ruptured aortic artery, which is a life-threatening medical emergency.

Atrial Fibrillation:

A 6-lead electrocardiogram (EKG) is performed by placing sensors on the arms and legs to screen for Atrial Fibrillation. AFib can lead to blood clots, stroke, and heart failure, and other heart-related complications.²

St. Vincent de Paul

Today's gospel isn't really about marriage, but about resurrection and the new life it brings. Resurrection is a way of living with surety and hope. Resurrection is surety about eternal life because we have remained faithful to God. The basis for our belief in resurrection is hope. Although hope always has a future orientation about it, when we have confidence in God's grace to bring about change in us, when we have patience with ourselves while that change comes about, we already have something of the future in the present—we are already living this new, resurrected life when we remain faithful to God. The relationship to be celebrated in resurrected life is the relationship of being "children of God" in an everlasting relationship with the living God. We must have zeal for God and God's ways such that it is a way of life for us. God is a God of the living. That is the core of our hope. (Living Liturgy)

The Old Testament prophets have been described as men who had not optimism but who had hope. The distinction is a valid one. Optimism is a human quality; hope is a spiritual one. A Christian may not always be optimistic about the world but he never needs to be without hope. Jesus Christ has risen and is with us. Therefore, at no time should we be without hope for the future.
