Grand Knight Report

Brother Knights,

We were saddened by the passing of PGK John McDermott while visiting family in Florida. John was a Knight for 48 years and a Grand Knight of our Council, 1982-1983. John was also a member of a group called KCO (Knights of Columbus Outdoorsmen) who loved to fish and hunt and was a regular at our annual Bishop fishing event. Our condolences and prayers for John, his wife Jill, and the McDermott family.

BINGO was cancelled for the balance of May at our K of C Hall as it was not generating the net profits deemed worthy of the effort. Starting in June, all BINGO will be on Tuesdays at the St Rose Hall. We gave it our best shot at the K of C Hall, but it proved not successful due to many obstacles. Thanks for all brothers that helped; special thanks go to Rick Ostrich, John Antonacci, Norm Ouellette, George and Jan Gnesda and John and Rita Downey. We are optimistic that Tuesday Bingo will be successful! Due to BINGO on Tuesday's, our Officers and Business Meetings are now re-scheduled for the 1st and 2nd Wednesdays of the month, respectively.

On Sunday, May 7, 15 brothers met at the K of C Hall to reflect on where we are going as a Council as we are faced with many challenges now and in the future. The discussion was lively, sobering and included several great ideas. One item jumped out: we need to engage new brothers! See the article in this bulletin.

Nominations can still be made at our June 13 Business meeting.

On May 22, we had an Exemplification conducted by the Holy Cross Council team. Seven new members joined our Council! See the article in this bulletin.

The California State Council held their State Annual Meeting at Ontario, May 18-20. PGK Jerry Padgett FIA's Willie Romero and Anthony Rodriguez, and I attended. Jerry and I were voting delegates. I found the meeting inspirational and plan on attending next year's SAM in Visalia, CA. We placed 2nd in the Life Program category and received a plaque which is in our trophy case. We also placed in the top-ten for several other categories and are to receive certificates in the mail. Pictures will be placed in our gallery soon.

On Sunday, June 11, the Feast of Corpus Christi, St Rose will be having a Eucharistic Procession starting at about 2 PM, around the neighborhood. Please consider joining the procession.

Our **34th Chili Cook-Off, Car Show & Music Fest** is days away, June 24. The committee has been working hard to make this a successful event, but we need all brothers to help out as much as you can before, during and after the event. **THIS IS AN 'ALL HANDS ON DECK' EVENT - PLEASE CONTACT PAUL FRIEDEBORN ASAP (805-395-1126) TO SIGN UP TO HELP!** Also, visit the newly reconstructed website: www.chilikc.com.

Other events and dates can be found on the schedule at the end of this bulletin.

We have reduced clutter in our Trophy Cabinet and will be updating plaques. In particular, we need to update the 'IN MEMORY OF OUR DEPARTED SPOUSES' plaque as the last entry was in 2017.

Grand Knight Report Cont.

This past Columbian year has been a privilege, and honor and a challenge as your GK:

- A privilege to serve you, brothers, and your families
- An honor to be called GK and the leader of outstanding, Catholic men
- A challenge: from day 1, it felt like I was taking a step off a running bus and had to sprint to keep up!

I served to the best of my ability and learned a lot about the Council and the Knights of Columbus organization that I didn't know. My greatest delight in being GK was getting to know you more than I knew before, and working alongside you in very worthwhile endeavors. I thank God for that opportunity!

Brothers, please pray for me, and know that I pray for you!

Scott Hahn, professor, Catholic theologian, author of many books on the Catholic faith, was a militant anti-Catholic in his youth. For example, he gave out anti-Catholic literature, ripped apart a rosary in anger, and tore up a Catholic prayer book.

After his seminary training, he became pastor of Trinity Presbyterian Church in Fairfax, Virginia. He also became a part-time instructor at a local Presbyterian seminary.

The first course he was assigned to teach was the "Gospel According to John". While preparing for chapter 6, something happened to him. He began to question what he'd been taught - and was now teaching others - about the Eucharist: that it was only a symbol of Christ's body, not the real body of Christ. This "questioning" was the start of a journey that led him into the Catholic Church.

The first big step of that journey came when he persuaded his wife to go with him to study at Marquette University in the 1980s. He wanted to learn first hand the Catholic thinking on the Eucharist. The more he learned, the more convinced he became that Christ was present in the Eucharist, body and blood, humanity and divinity. Then one weekday, he decided to do something that he never dreamed he would ever do. He decided to attend a Mass.

He writes in his book, which is called *One Comes Home To Rome*: All of sudden I realized this... was the setting in which the Bible was meant to be read.

Then came the Liturgy of the Eucharist. Hahn said that when the priest held up the Host, after the words of consecration, all doubt about the real presence of Christ in the Eucharist vanished. He wrote:

"With all my heart, I whispered, "My Lord and my God".... He concludes, saying: I left the chapel not telling a soul where I had been or what I had done. But the next day I was back, and the next, and the next....I didn't know how to say it, but I had fallen..in love with our Lord in the Eucharist! pp. 87-88

When June rolls around a couple of things come to my mind: grilling and graduations. Now these two things don't seem to have much in common. In fact, some may say they have nothing at all in common. It simply illustrates how amusingly my mind works.

But let me expound a bit on both. Outdoor grilling comes on full force this time of year. Yes, in the warmer climates, there are those that grill all year round. Even in the colder climates, some make a point of outdoor grilling in the coldest of weather. But for most, June starts that season when the grill is often fired up and all the succulent goodness of charbroiled food is readied for the table. Now let me relate that to graduations: I've been to many graduation parties and there always seems to be that one person who is the designated grill master. Flipping hamburgers, turning hot dogs, kielbasa, and sausage, and tenderizing vegetables over an open flame for the celebrants.

How's that for a segue? From grilling to graduations! The end of the school year means graduations. Some, from the lowest educational levels...all the way to the highest. At whatever level you may fall, or your child may fall, I offer hearty congratulations! Graduating may mean moving up one more grade level or for some who are at the end of the educational journey, it might mean a step into a new career. Or maybe advancing in an already established career. Graduating has as a natural consequence, a moving on, taking the next step. Carefully preparing for a career, taking stock of talents and newfound knowledge, thinking of the impact your career may have on your family and the greater community; the graduate is ready!

I think of the work I do with my members and their families in the same way: getting you to graduate at the top of your class; well-prepared, knowledgeable, setting a course with impact for your family. Sitting down with me for a consultation starts the preparation. We can take stock of where you are and any recent changes in your situation with our state of the art financial needs analysis program. The end result is to help make sure you and your family are prepared: Prepared for the expected and the unexpected. The expected might be a comfortable retirement with adequate income to do the things you've always wanted to do. Being prepared for the unexpected is important, too: an untimely loss, an extended care event, a disability. Understanding the impact of having a strategy now is the first step in preparation.

I'll be calling soon to set up a time to get together a make sure you're set to graduate at the top of your class!

Update on Longevity Science

What's new? The rate of investment into potential avenues for living better longer is accelerating; new companies are increasingly forming to move from lab to clinic; that means improvements in health-span are close behind. Most of these efforts are incremental; repurposing of old drugs that show promise of slowing the process of wearing out with age and such. The big outcomes are further off – being able to repair or reverse damages of aging. Such as removing plaque from arteries and making them supple and elastic again; or regrowing neurons to repair a stroke; or repairing kidney damage to restore youthful function. Money is flowing into both these efforts, results will be life-changing.

What can the average citizen take advantage of right now? I think the most promising strategy is in killing off senescent cells – cells that stopped dividing because they grew old and became the producers of inflammatory signaling chemicals that accelerate damage of surrounding tissues and cause surrounding cells to become likewise senescent. Substances that destroy these cells are known as Senolytics because they cause these cells to break apart, allowing their parts to be recycled by the body. Ideally, this will change our aging rate from an ever-increasing rush toward death, to a linear rate of aging more like in our thirties or forties. There are several natural food chemicals capable of this action when concentrated and formulate together. I have used [Senolytic Activator by Life Extension](#), and have moved from taking it quarterly to taking it monthly in expectation of slowing aging. I noticed no ill-effects from taking it more often. The obvious question is – is this reducing inflammation? I confess, I have not been tracking these measurements, and neither have my doctors. I can only say that I feel like aging (at 83) is not having a big impact on my function in the gym. The next strategy I recommend is boosting NAD+, an enzyme required for energy production in every cell, but which declines with age. The very good fortune is that its level can be raised to youthful levels by taking a supplement known as NMN (Nicotinamide Mononucleotide – big word; NMN is easier). [NMN now comes in a liposomal form](#), meaning nearly all that is ingested is taken up at the cellular level and makes all cells function better throughout the body. When I first started taking it (as a sublingual powder) I was surprised to find that I had stopped taking afternoon naps in a couple of weeks – it snuck up on me unexpectedly; I just had no need for mid-afternoon naps. Four years later and I still move through the day with no noticeable drop in energy. (If you decide to try it use discount code **FRANK10** at check out for 10% off)

Frank's Fitness Cont.

Here's my pitch to those who like to self-experiment: These two strategies might get us to the time when the big outcomes are realized, when we can actually repair or reverse the damages of aging. And fear not: God can take us off the planet whenever He finally wants us with Him.

To Your Greater Health and Fitness – In Christ,

Frank

OUR COUNCIL AND ITS FUTURE

On Sunday, May 7, 15 brothers met at the K of C Hall to reflect on where we are going as a Council as we are faced with many challenges now and in the future. The following are notes taken by Brother Andrew Chauvin. Thanks, Andrew.

- Meeting purpose: Identify obstacles to the long-term viability of the Council and possible solutions, or improvements
- Rules for the meeting: no bad ideas, meeting to last no more than 2 hours
- Reviewed Supreme's Mission Statement:
 - Together, we're empowering Catholic men to live their faith at home, in their parish, at work and in their community
 - Consensus: a Mission or Vision statement could help guide Council efforts in the future. Perhaps a small group should be formed to begin developing a statement. Supreme's is good, but it is not detailed enough for the Council level
- Reviewed a list of Obstacles and Challenges:
 - Bingo
 - Fundraising
 - Hall maintenance
 - Age of members
 - New member engagement
 - Others
- Discussions
 - Bingo:
 - ◆ Council existed for many years without Bingo
 - ◆ Suggestion made to give Chairs leeway to keep it going but revisit if losing money or net proceeds not worth the effort
 - Hall maintenance: we need
 - ◆ Short term and long term maintenance plans
 - ◆ Kitchen especially needs modernization which could be very costly
 - ◆ Warden needs to lead the above
 - ◆ Should we start a sub-committee to
 - ◇ Approach
 - ◇ Costs
 - ◇ Budget

OUR COUNCIL AND ITS FUTURE Cont.

- Age of members: as is obvious, members doing lots of work are old; 10 years from now, most probably won't be able to do what they're doing now for the Council
- New member engagement
 - ◆ Younger men are very busy with work
 - ◆ Our Council needs
 - ◇ To offer more than just more work and
 - ◇ Explain better what work we do during recruitment to capture young men's interest.
 - ◇ Offer more opportunity to just relax around the bar
 - ◇ Managing the length of meetings-i.e., make them shorter
 - ◇ Providing some kind of orientation after joining to help new members
 - ◇ Avoid bringing in new members just to meet an award quota
- Some other obstacles
 - Parking
 - Meetings too long
 - Communications impersonal
 - Meetings always on same day of the week
 - Should do better job in calling new members to help out
- Improvement ideas and/or Recommendations
 - Procedure manuals for major events.
 - Processes for creating, modifying, and paying budgeted charitable giving.
 - Need to do better with impactful charitable donations
 - Codify policy of charitable distributions by event chair (lesser of 10% or \$300).
 - Codify policy on commitment of large expenditures (more than \$1,000).
 - Manage perceptions of parish w.r.t. money and what we do
 - Create a viable parking plan to use of KofC hall for weekday events
 - Identify all "side agreements" made by Officers or event chairmen.
 - Create a Long-Term Capital Plan that is one to three years out (HVAC/ kitchen upgrades).
 - Evaluate rooftop solar panels and batteries for refrigerators/freezers.
 - Establish Green Waste program with policies and procedures.
 - Knights as the "unofficial workforce for St Rose (insurance).
 - Recruitment of new, younger members (school/CCD parents).

OUR COUNCIL AND ITS FUTURE Cont.

- Getting new members to participate in meetings/events (sponsorship/mentoring)
- Better social media presence to advertise our events and draw in members
- Investigate liability insurance for Council
- Investigate solar potential to reduce electrical power use costs
- Create an “elevator speech” for our Council for recruiting or general information to others about the K of C: this is available for global K of C here: <https://www.kofc.org/en/resources/for-members/state-deputies/elevator-speech-card.pdf>

CONCLUSION

As shown above, there are many areas that we can improve as a Council that will make it stronger and more sustainable. It behooves us to review them, pick out the “low-hanging fruit” first (e.g., shorter Council Meetings, document procedures, etc.) to act on now and other longer-term improvements (e.g., maintenance plans, budget process) to initiate soon!

Exemplification

We welcomed 11 new brother Knights into the order at the 5803 KC hall on May 22nd at an Exemplification of Charity, Unity and Fraternity. Of those attending, Council 5803 had 7 new members plus Brothers Frank Saraceno Sr. and Ron Mikusky advancing to full 3rd degree knights. New 5803 members are Eddy Major-ski, Jared Gigliello (son of brother Al Gigliello), Jeffrey Belt, John Alderson, Don Myers, Vicente Villegas and Frank Saraceno (son of brother Frank Saraceno Sr). The Moorpark degree team performed an exceptional ceremony as usual. With the new policy of the ceremony being open to the public it was great to see many family and friends attend. A reception with refreshments following was enjoyed by all and gave us a chance to meet and get to know one another. Thank you to all those who helped make this a successful event.

PGK Dan Owens - Degree Chairman

MEMORIAL DAY FLAG PLACING

The act of placing a flag on a gravesite is a solemn and meaningful gesture, a way of paying tribute to those who served our country. By placing flags on gravesites on Memorial Day, we not only honor those who served, but we also reaffirm our commitment to the ideals they fought for. We remember their courage and bravery, and we honor their memory by preserving the freedoms they defended.

On Friday, May 26, we continued a tradition started by dearly departed Brother, Herman Conant.

We had a great turnout of 14 volunteers who spent the afternoon placing American flags on the grave sites of our departed brothers from Council 5803 and Assembly 2557

Thank you so much to all of the volunteers who took time from their busy schedules to keep this great tradition alive.

Vivat Jesus

MEMORIAL DAY MASS

On Memorial Day, May 29th, there was a 4th degree callout for the annual Mass at Assumption Cemetery in Simi Valley. Several Knights were in attendance to show reverence to those who gave the ultimate sacrifice for our country.
