An EMERGENCY can happen to ANYONE at ANY TIME. St. William has an AED in case a medical emergency occurs. It is important that as many as possible of our church community know how to use our AED. This particular AED does not require that a person is trained in Cardio Pulmonary Resuscitation (CPR). The AED does, however, require one knows how to properly operate it.

After each Mass, April 29th/30th, DeAnna Ulbert will provide demonstration and instructions on properly operating the AED. This will be in the gathering area, after the Mass. The training will take approximately 15-20 minutes. Please take this seriously, anyone sitting near you can have life emergency, even you or a loved one. Be prepared by attending the training.
