

School Lunch Program ACH Calculation Page

For your convenience, we offer the ability to pay for your child's lunch account using an automatic deduction (ACH) from your checking or savings account. If you are interested in this option, look at the information below for how to calculate your monthly payments. The **ACH Form - School Lunch Program** is on the next page. It is also on the school website under Resource, Forms & Links in the middle column.

Cost of Lunch: \$4.00

Cost of Milk: Free this year.

Calculate your cost per year -

Lunch cost = _____ Days X \$4.00 per day = _____

Example

Lunch every day → 174 days X \$4.00 = \$696.00

Plan 1 – 4 payments, so $\$696.00/4 = \174.00 for each payment

Plan 2 – 9 payments, so $\$696.00/9 = \77.33 for each payment

Calculate ***your*** cost based on how many times per year you think your child will have school lunch. Remember, if you have more than one child attending Assumption BVM School, multiply your monthly payment by the number of children taking school lunch.

You will continue to receive your account balances on a regular basis as in the past. In the spring of the year, we will take a look at your ending balance and adjust the payments as mutually agreed upon by both parties.

Any questions, please call the school office. Thank you!
