

Power Reading News

Title I Reading Resources for Parents and Students 2023

Back to School Reading Enrichment

This flyer shares supplemental activities including apps, websites, and podcasts you can explore with your child. Students can listen to higher level books to enhance their fluency, vocabulary, and comprehension. It is not necessary to purchase apps. Some have a free trial. Check out the Title I Reading page on the school website for Title I information and resources. If you have any questions, feel free to reach out for additional support.

Thank you, Mrs. Morrison
