Walking with Moms in Need

Walking with Moms in Need

Walking with Moms in Need is a program of service in which Catholic parishes and communities "walk in the shoes" of local pregnant and parenting women in need. Everyone should know how to help moms in difficult circumstances. While not trying to turn Catholic parishes into pregnancy centers, we can support local centers where they exist, and share other resources with pregnant and parenting women. And where there are few local resources, we can create our own, based on the gifts of the parish community!

About

Pregnant and parenting moms in need are in our parishes and our neighborhoods. As Pope Francis reminds us, our parishes need to be "islands of mercy in the midst of a sea of indifference." Everyone in the parish community should know where to refer a pregnant or parenting woman in need. The 25th anniversary of Evangelium Vitae gave us a wonderful opportunity to begin to assess, expand, and communicate resources to pregnant moms and families in need. Parishes are invited, through the support of their bishop and pastor, to join this nationwide effort entitled, Walking with Moms in Need.

Walking with Moms in Need - Parish Commitment

As part of the nationwide initiative to walk with moms in need, our parish has identified the local pregnancy help resources in our community that are currently available to a woman facing a difficult pregnancy. The needs of pregnant and parenting moms can be overwhelming, and the sources for help may not be apparent to those most needing support. This inventory tool helps parish leaders stay informed about local resources in order to better help the community with pregnancy assistance such as pregnancy help centers, maternity homes, social service agencies, hospitals, and especially Catholic programs and resources.
