

Fact Sheet: Planned Parenthood's 2023-24 Annual Report

Abortions and Non-Abortion Services: Change from Last Year and Long-Term Trends¹

- Planned Parenthood's service data lags behind the rest of the information in the report – the 2023-24 report¹ contains information on services provided in 2022-2023.
- Planned Parenthood **performed a record 402,230 abortions**² in 2022-23 – **an increase of over 9,500** (2%) from the previous year, and an **increase of 23%**³ since 2013.
- The number of patients⁴ increased by just 1% from the previous year and was down by 23% from 2013.
- In 2022-23, **96.9% of the time**, women seeking help related to their pregnancy at Planned Parenthood were sold an abortion rather than given prenatal care, provided care for a miscarriage, or helped to make an adoption plan. Prenatal services, miscarriage care, and adoption referrals accounted for only 1.7% (7,008), 0.9% (3,598), and 0.5% (2,148), respectively.⁵
- **For every adoption referral in 2022-23, Planned Parenthood performed 187 abortions.**⁶ Over the past 10 annual reports, the ratio was approximately 136 abortions for every one adoption referral.⁷
- According to data from Planned Parenthood's own annual reports,⁸ since 2013:
 - Total services are **down more than 10%**.
 - With changing practice guidelines,⁹ total cancer screening and prevention services have **dropped by 54%**, including declines of **61% for breast exams and 54% for pap tests.**
 - Prenatal services are **down 63%**.
 - Contraceptive services are **down 38%**.

Planned Parenthood's Financials

- In its 2023-24 annual report, Planned Parenthood reported over \$2 billion in income¹⁰ and over \$2.5 billion in net assets.¹¹
 - \$684.1 million came from private contributions, down 31% from the previous report.¹²
 - Taxpayer funding is reported by Planned Parenthood's affiliates, whose information lags behind the national office and covers fiscal years ending in 2023.¹³
 - Taxpayer funding in the form of government grants, contracts, and Medicaid reimbursements hit \$792.2 million, over \$2 million per day¹⁴ – an increase of \$92.9 million from the previous report and representing 39% of Planned Parenthood's overall revenue.¹⁵
 - Planned Parenthood's taxpayer funding has increased by 50% since 2013.¹⁶
 - Planned Parenthood's excess of total revenue over total expenses is \$27.4 million.¹⁷ Last year Planned Parenthood reported an excess of total revenue over total expenses of \$178.6 million.¹⁸

*The years on the graph denote the fiscal years that Planned Parenthood's annual reports cover. As noted on pages 1 and 2, the service data and government funding data in those annual reports contain information on services provided for the prior year.
