SEVENTH GRADE COMMUNITY SERVICE FORM

2023-2024

Dear Parents,

Students in seventh grade are required to perform a total of ten hours of community service as part of their religion curriculum of stewardship and service. The service hours can be completed between June 1, 2023 and April 26, 2024. Five hours must be completed by Wednesday, December 6, 2023, for a major project grade credit for the second quarter. The remaining five hours are due on Friday, April 26, 2024, for a major project grade credit for the fourth quarter. Service hours are defined as any task that is not part of the regular family chores or within a child's regular responsibilities. It is encouraged that the students reach out for new opportunities of service which they have not yet experienced. Please ask your child's religion teacher if you have questions.
