

Guatemalan Mission Update: Santa Maria de Jesus

Angelitos de Dios School Update

Letter from Elvia Ortiz, Principal:

All the teachers are eternally grateful for the financial help that has been given to us, by the parishioners of your church, in recent years, your contribution has been of great blessing, because with them we were able to cover the salary of the teachers, payment of school supplies for some children with economic problems, payment of electricity, payment of internet to teach classes and for all the moral support that has been given to us.

There are times when we think that this school will no longer be able to function, due to the shortcomings that it has suffered in the course of its trajectory, but in the midst of the storm, in the midst of the darkness, a light appears that motivates us to continue forward, and that hope is you, father and all those who support us.

In this year that we are starting, we want to touch your hearts again, pure and simple so that you can support us again, because without your help the Angelitos de Dios school would have already closed several years ago.

We also understand that it is because of the help and MERCY of God that we are still standing, fighting for the education of these children, because we always keep in mind that we are an instrument of God to ignite hope in children through education, and we want to grow little by little with the help of the Most High who is Our Lord Jesus Christ.

I feel blessed because I have a family out there that supports us unconditionally, even though we are on the other side of the earth, I consider all of you my Angels. Thank you and may the King of Kings and Lord of Lords continue to bless you....

With much love...La Familia de Angelitos de Dios (The Little Angels of God Family)
