

Mrs. W's Prekindergarten

Room 103 ~ Week of April 7 – April 11

ACTIVITIES

- ❖ We have been spending more time in our Bible learning about who Jesus is and the Easter Story.
- ❖ We created mosaics to remind us of Jesus death and resurrection. What love he has for us! They kids had fun using their fine motor and it was good practice with fitting pieces together like a puzzle. Sometimes we have to flip or rotate to make it fit right.
- ❖ We revealed hidden designs on paper eggs after coloring them by covering them with tissue paper and spraying them with water. Spray bottles take strong fingers to squeeze. We are building more fine motor strength. Helps so much with writing.
- ❖ We discussed reduce and reuse this week. They are tricky concepts to visualize and understand, but some of them are getting it!
- ❖ We have been learning and practicing with the letter Uu. We will be finishing up with our umbrellas for art next week.

LOOK WHAT'S COMING!
