Advent Prayer

Come, Lord Jesus.

O God, you are great indeed.
Look upon us and reveal your glory,
promised to Abraham and sent to us
through David and his lineage.

Send us the warmth of your love, the light of your Word,
the vision of your wisdom, and the comfort of your people.
Open our hearts in welcome and grant us your salvation.
Fill our minds with watchful hope
and let us see your kindness.

Give us new life, the promise and joy of salvation.
May the glory of your Son dwell in our land forever.

We pray: Come, Lord Jesus. Amen.

Oración de Adviento

Ven, Señor Jesús.

Oh, Dios, de verdad tú eres inmenso.
Míranos y revela tu gloria,
prometida a Abraham y enviada a nosotros
a través de David y su linaje.

Envíanos el calor de tu amor, la luz de tu Palabra,
la visión de tu sabiduría y el consuelo de tu pueblo.
Abre nuestros corazones en la acogida
y concédenos tu salvación.
Llena nuestras mentes con esperanza vigilante
y haznos ver tu bondad.

Danos una vida nueva, la promesa
y la alegría de la salvación.
Que la gloria de tu Hijo habite en nuestra tierra
para siempre.

Oremos: Ven, Señor Jesús. Amén.

Dangerous TikTok trend: "sleepy chicken"

The Food and Drug Administration (FDA) recently issued a notice advising people against participating in a dangerous TikTok trend: cooking chicken in NyQuil, a nighttime cold medicine. According to videos on the popular social media site, people are cooking "sleepy chicken" as a challenge, but the FDA warning indicates it may be more than a harmless joke. Cooking with cough medicine can lead to a person ingesting dangerously high amounts of codeine that can cause serious health complications and even death. For more information about this trend, read *The New York Times* article here:

Tendencia peligrosa de TikTok: "pollo dormido"

La Administración de Alimentos y Medicamentos (FDA, por sus siglas en inglés) emitió recientemente un aviso que advierte a las personas que no participen en una tendencia peligrosa de TikTok: cocinar pollo en NyQuil, un medicamento para el resfriado nocturno. Según videos en el popular sitio de redes sociales, la gente está cocinando "pollo dormido" como un desafío, pero la advertencia de la FDA indica que puede ser más que una broma inofensiva. Cocinar con medicamentos para la tos puede hacer que una persona ingiera cantidades peligrosamente altas de codeína que pueden causar complicaciones de salud graves e incluso la muerte. Para obtener más información sobre esta tendencia, lea el artículo en inglés de The New York Times aquí:

ST. GREGORY THE GREAT SCHOOL STUDENT NON-DISCRIMINATION POLICY 2022-2023

The school, mindful of its mission to be a witness to the love of Christ for all, admits students regardless of race, color, national origin, and/or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school.

The school does not discriminate on the basis of race, color, disability, medical condition, sex, or national and/or ethnic origin in the administration of educational policies and practices, scholarship programs, and athletic and other school-administered programs, although certain athletic leagues and other programs may limit participation and some archdiocesan schools operate as single-sex schools.

While the school does not discriminate against students with special needs, a full range of services may not always be available to them. Decisions concerning the admission and continued enrollment of a student in the school are based upon the student's emotional, academic, and physical abilities and the resources available to the school in meeting the student's needs.
