“From the Organ bench...”

"Whoever loves me will keep my word, says the Lord, and my Father will love him and we will come to him." John 14:23

First, before I begin this week's message, I would be remiss not to congratulate one of our 10:00am Choir members, Robyn Martinez, on her graduation from USC and receiving her Doctorate in Occupational therapy. I would also like to extend my thanks to the St. Gregory Parish Community for their many kind words of support following my recent graduation from Cal State Fullerton. And my deepest wider congratulations to all in our Parish community graduating this year!

This week and last week we seem to be on the theme of "Love". The problem is, in the English language we only have one word for Love. This differs from Greek which has 8 different words for Love appropriate to different contexts. A few examples include "Eros" (a romantic, passionate love) "Agape" (a selfless, universal love) and the list goes on. We sing about this in the hymn "Ubi Caritas" by Laurence Rosania. Although different from the more familiar version of "Ubi Caritas" by Bob Hurd which we sang last week, the text of both harken back to the chant "Ubi Caritas" written in the 8th century. The main "meat" of the text reads thus:

"Ubi Caritas et amor, Deus ibi est" or in English *"Where charity and love are, God is there"*.

This text is most associated with the washing of the feet during the Holy Thursday Liturgy (also called "Maundy" Thursday coming from the Latin word "Mandatum" or "Mandate").

This memorial day weekend, in our lineup of music for 8:00am and 10:00am Mass, we are also taking a moment to remember the brave men and women who have given of their lives in the service of this Country as we sing "Eternal Father Strong to Save". A true example of "agape" love mentioned earlier.

+May their Souls, and all the souls of the faithful departed, through the Mercy of God, Rest in Peace!

Christ is Risen! Indeed He is Risen!

ST. GREGORY THE GREAT SCHOOL STUDENT NON-DISCRIMINATION POLICY 2024-2025

The school, mindful of its mission to be a witness to the love of Christ for all, admits students regardless of race, color, national origin, and/or ethnic origin to all rights, privileges, programs, and activities generally accorded or made available to students at the school.

The school does not discriminate on the basis of race, color, disability, medical condition, sex, or national and/or ethnic origin in the administration of educational policies and practices, scholarship programs, and athletic and other school-administered programs, although certain athletic leagues and other programs may limit participation and some archdiocesan schools operate as single-sex schools. While the school does not discriminate against students with special needs, a full range of services may not always be available to them. Decisions concerning the admission and continued enrollment of a student in the school are based upon the student's emotional, academic, and physical abilities and the resources available to the school in meeting the student's needs.

Age-appropriate curiosity in school-aged children: Last week, we covered young children and natural curiosity about their bodies. This week, we will explore natural curiosity behaviors in school-aged children (around 7-12 years old). It's important to understand the difference between appropriate and inappropriate, as inappropriate behaviors could be a sign of abuse. Common curiosity at this age includes playing games with same-aged friends like "family" or "dating," or wanting privacy. Children at these ages may also begin to take an interest in members of the opposite sex and ask questions about relationships. For more information, read the VIRTUS® article "Differentiating age-appropriate curiosity from harmful sexual behavior" lacatholics.org/did-you-know/.

Curiosidad de niños de edad escolar apropiada para su edad:

La semana pasada hablamos sobre los niños pequeños y la curiosidad natural de su cuerpo. Esta semana hablaremos de la curiosidad natural de los niños en edad escolar (entre 7 y 12 años) y de los comportamientos apropiados para su edad. Es importante entender la diferencia entre lo apropiado e inapropiado, ya que el conducto inapropiado podría ser un signo del abuso. La curiosidad habitual a esta edad incluye jugar con amigos de la misma edad que son "familia" o "novios", o querer tiempo solo. Los niños de estas edades también pueden empezar a interesarse de los miembros del sexo opuesto y a hacer preguntas sobre las relaciones. Para más información, lea el artículo de VIRTUS® "Saber la diferencia entre la curiosidad apropiada para la edad de la conducta sexual peligrosa" (Differentiating age-appropriate curiosity from harmful sexual behavior) en <https://lacatholics.org/did-you-know/>.
