The Most Holy Trinity

St Brigid & St Patrick

June 15, 2025

The Central Mystery of the Faith

The mystery of the Holy Trinity is the most fundamental of our Faith. On it everything else depends and from it everything else derives. Hence the Church’s constant concern to safeguard the revealed truth that *God is One in nature, and Three in Persons*.

Faith in the Trinity is the basic test of our Catholic faith as Christians. This is not merely to say that objectively this doctrine is the most fundamental. It is. But subjectively, from our side, it is also the most crucial because it represents the hardest demand on our creedal assent.

But the Trinity is more than a test of our faith. It is also the perfect model of our selfless love. As revelation tells us, within the Godhead is *a plurality of Persons*, so that God is defined as Love because He has within His own being, to use our language, the object of love which is an Other with whom each of the Persons can share the totality of their being. We therefore see from reflection on this Triune Love that love by its essence is not self-centered, but love unites, gives, and shares perfectly within the Divinity. Love is therefore as perfect in us as it approximates the perfect sharing that constitutes the Trinity.

At the same time, we recall that, while perfectly selfless in their mutual sharing of the divine nature, the Persons in the Trinity do not thereby cease to be themselves. Again, this is a lesson for us. Charity must, therefore, be enlightened; it must be guided by the standard of the Trinity, where each of the Divine Persons gives and shares perfectly, yet without ceasing to be what each Person is to be. The Father does not become less the Father in begetting the Son and thus totally sharing the divine nature; nor do Father and Son cease to be themselves although they completely share their divinity with the Holy Spirit.

The concept of the irreplaceable uniqueness of each person came into Western culture straight from the doctrine of the Trinity: Three who possess the exact same divine nature but who are yet irreplaceably unique in their personhood. One of the greatest treasures of Western culture is the concept of the uniqueness and dignity of the individual person. You really don’t find this idea in the ancient societies of Greece and Rome or in other world religions, such as Islam.

The irony? As it progressively abandons the Triune God, the Western world is undermining the very foundation of personal dignity, individuality, and freedom that it values so much. If we use our freedom to love others as we should, modeled on the Triune God, we shall reach God in eternity. This is our hope, based on our faith, and conditioned by our love.

The Corpus Christi Procession: Only One Week Away!

It is certainly not hyperbole to say that the survival of the world as we know it depends on the world coming to realize that Jesus Christ is still here on Earth in His Sacred Humanity! The world depends on a renewed and widespread belief in the Real Presence of Jesus Christ in the Eucharist. The Eucharist as the **source of grace and miracles**, and faith in this Real Presence is crucial for **personal** conversion and **the renewal of society**.

The Lord of the Universe is giving us a **tremendous gift** on June 22nd: to be a part of the restoration our families, our nation and our world. We can’t emphasize this enough: like never before, we who believe in the Real Presence need to profess our faith in this cardinal mystery of Catholic Christianity, worshipping Our Lord on earth in the Blessed Sacrament.

It all starts at **1:00 pm** at Icelandic State Park, on the south side of the street at St Anthony Catholic Church!
