

Arguments for the existence of God

Peter Kreeft has some very good written and very good audio resources for the existence of God.

Many individual arguments and his classic 21 arguments for the existence of God

A wonderful audio of 5 of his arguments. I particularly like the question-and-answer session at the end. Students try to trip him up and he easily bats all their questions away.

PBS <https://www.youtube.com/watch?v=TgisehuGOyY> Being a secular station at the end the say that the arguments prove that there was something there in the beginning but of course we don't know what it is.

Newer arguments based on more recent scientific discoveries.
