September 1st, 2021

Math- Next week we will be learning multiplication concepts by exploring number lines and arrays! Next week we will explore multiplying in any order.

Social Studies- We have begun learning about all our states symbols! Feel free to ask your child what some of our state's symbols are, such as state bird, state flower, state fish etc.

Reading- We have started looking at our first third grade book *Boxcar Children*. The students are very excited for this book.

Next week we will begin NWEA testing. Make sure your child has a good breakfast so they are ready for day!

After reviewing the spelling tests today, we are going to give one more week of practice and retake the test Friday. We will not take a pretest next week since this is our second go at it. I will use the better of the two tests for the final grade. If your child received 100 percent or higher, they will not need to take the test next week.

Students are realizing already the huge jump third grade is from second grade. Not only is the step up in academics, but also with expectations. One of the biggest adjustments has been shouting out and appropriate silly times during the day. It takes a little while to adjust to this jump so please do not worry, however if you have any concerns please feel free to reach out to us! I'm very excited for this year and look forward to seeing the growth this year!

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.

Upcoming Events:

Monday, September 5

~ Labor Day, No School
