FROM FATHER TONY

Last Sunday I mentioned that during Lent I am going to offer some homilies on the seven sacraments of the Catholic Church. I hope these reflections will help you grow in a deeper appreciation for what we have been given as Catholics. There's an old saying that, "Beauty is in the eye of the beholder." That is true in many things and definitely when it comes to the treasures of our faith. If you missed one of my homilies, you can access them on one of the livestream Masses.

Have a blessed Lent.

Yours in Christ,

Father Tony

THE PRAYER CORNER

Last week's Prayer Corner encouraged us to use Lent as an opportunity to examine and improve our prayer lives. Making a daily commitment to pray can be greatly aided by establishing a routine. Choosing a specific time, place, and way to pray increases our chances of success. Setting an alarm or reminder on our phone can remind us that it is time to pray. Identifying a quiet place such as our favorite chair or praying in our car during our commute to and from work or errands, contributes to establishing the routine. What is the best method of prayer? It is the method that best fits your circumstances and that you will actually do! Many people think a routine is boring, but once we find what works best for us and a good habit is formed, daily prayer becomes a natural part of our day. Start small, be consistent, and success will soon be achieved.
