Alive in Christ-Whole Family Catechesis

Every first unit is completed at the children's class the first week of the month.
The other two lessons of each unit are completed at home on the off weeks when the parent desires to complete them.
Each child has their own grade book at their level, but all books share the same theme. Since the parents are teaching the theme, (which parents learned about in their first class of the month) as children work out of their books. Children must turn in their Chapter reviews and Unit review the last of the month at the Unit Review Community Meeting.

Español

Cada primer unidad del libro se completa en la clase de los niños en la primera semana del mes.
Las otras dos lecciones de cada unidad se completan en casa en las semanas libres cuando los padres desean completarlas.
Cada niño tiene su propio libro de tarea de su nivel, y todos los libros comparten el mismo tema. De ahí los padres son responsables de enseñar el tema a su niño en casa,
(tema que los padres aprenderan en su primera clase del mes) mientras los niños trabajan con sus libros. Los niños deben entregar sus tareas del capítulo y revisar la unidad, el último mes en la reunión comunitaria del repaso de la unidad.

Si su hijo(a) esta en el segundo año y se estara preparando para la primera comunión es un requisito que se tiene que saber los rezos.
