El pan que partimos, ¿no nos une a Cristo por medio de su cuerpo? El pan es uno, y así nosotros, aunque somos muchos, formamos un solo cuerpo, porque todos comemos del mismo pan.

DID YOU KNOW?

Teach children everyday actions to reduce the spread of germs

It is appropriate to frequently remind your children about ways to avoid or reduce the spread of germs and to start practicing at home. Among the tips are: Stay away from people who are coughing, sneezing or sick. Remind them to cough or sneeze into a tissue or their elbow, then throw the tissue into the trash. Get the children into a handwashing habit. Teach them to wash their hands with soap and water for at least 20 seconds, especially after blowing their nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food. If soap and water are not available, teach them to use hand sanitizer. Hand sanitizer should contain at least 60% alcohol. Supervise young children when they use hand sanitizer to prevent swallowing alcohol.

¿SABÍA QUE?

Enseñe a sus hijos actividades diarias para reducir la propagación de los gérmenes

Siempre es apropiado recordarles a sus hijos con frecuencia las formas de evitar o reducir la propagación de los gérmenes para que los empiecen a practicar en el hogar. Entre los consejos están: Alejarse de las personas que estén tosiendo, estornudando o enfermas. Recuérdeles que ellos mismos deben toser o estornudar siempre tapándose la boca con un pañuelo de papel o colocando su boca sobre su codo, y que luego deben tirar el pañuelo de papel a la basura. Enseñe a sus hijos a desarrollar el hábito de lavarse las manos con frecuencia. Enséñeles a lavarse las manos con agua y jabón durante por lo menos 20 segundos, especialmente después de que se suenen la nariz, después de toser o de estornudar; de ir al baño; y antes de comer o de preparar la comida. Si no hay agua y jabón disponible, enséñeles cómo usar los desinfectantes de manos. Estos desinfectantes deben contener al menos 60 por ciento de alcohol. Supervise a los niños pequeños cuando usen el desinfectante de manos para prevenir que tragan alcohol.
