***Did You Know?****Gifts and toys should inspire joy, not cause injuries*

Avoid safety hazards while gifting with these tips from the American Academy of Pediatrics and the U.S. Consumer Product Safety Commission: Toys are age-rated for safety, not for children's intellect and physical ability, so be sure to choose toys in the correct age range; choose toys for children under 3 that do not have small parts that could be choking hazards; for children under 10, avoid toys that must be plugged into an electrical outlet; be cautious about toys that have button batteries or magnets, which can be harmful or fatal if swallowed; and when giving scooters and other riding toys, give the gift of appropriate safety gear, too; helmets should be worn at all times and they should be sized to fit. For more information, visit <https://www.nsc.org/home-safety/tools-resources/seasonal-safety/winter/holiday>.

***SAFEGUARD THE CHILDREN***
