DID YOU KNOW?

Teaching children about home security

Teaching children about home security and safety tips is critical, but can be daunting for parents. Who wants to scare their child with thoughts of fire, break-ins, or other dangers? Remember to keep instructions simple and age-appropriate, with empowering roles for children in managing their own safety at home. A great place to start is by teaching your children how to dial 9-1-1. Be sure to show younger children how to access the security screen on a cell phone that allows them to call 911 without unlocking the phone. For more home security tips, request a copy of the article "Teaching Your Children Some Valuable Home Security Lessons" at <https://lacatholics.org/did-you-know/>.

"Be sure to show to your neighbor the same love which God has shown towards you... God will pardon your many crimes for the one offense you forgive your neighbor; God will be long-suffering with you in return for a little patience shown towards others; God will reward you with abundant riches for the small alms you bestow. Strive earnestly therefore, to keep the law of charity, for that is your life."

U.S. Bishop Chairmen for Pro-Life and Doctrine Address Ethical Concerns on the New COVID-19 Vaccines

DECEMBER 14, 2020 BY PUBLIC AFFAIRS OFFICE

WASHINGTON— On December 14, Bishop Kevin C. Rhoades of Fort Wayne-South Bend, chairman of the U.S. Conference of Catholic Bishops' (USCCB) Committee on Doctrine, and Archbishop Joseph F. Naumann of Kansas City in Kansas, chairman of the USCCB's Committee on Pro-Life Activities, issued a statement on the new COVID-19 vaccines. In their statement, the bishops address the moral concerns raised by the fact that the three vaccines that appear to be ready for distribution in the United States all have some connection to cell lines that originated with tissue taken from abortions.

With regard to the Pfizer and Moderna vaccines, they concluded:

"In view of the gravity of the current pandemic and the lack of availability of alternative vaccines, the reasons to accept the new COVID-19 vaccines from Pfizer and Moderna are sufficiently serious to justify their use, despite their remote connection to morally compromised cell lines.

"Receiving one of the COVID-19 vaccines ought to be understood as an act of charity toward the other members of our community. In this way, being vaccinated safely against COVID-19 should be considered an act of love of our neighbor and part of our moral responsibility for the common good."

With regard to the AstraZeneca vaccine, the bishops found it to be "more morally compromised" and consequently concluded that this vaccine "should be avoided" if there are alternatives available. "It may turn out, however, that one does not really have a choice of vaccine, at least, not without a lengthy delay in immunization that may have serious consequences for one's health and the health of others," the bishop chairmen stated. "In such a case ... it would be permissible to accept the AstraZeneca vaccine."

At the same time, the bishops also warned that Catholics "must be on guard so that the new COVID-19 vaccines do not desensitize us or weaken our determination to oppose the evil of abortion itself and the subsequent use of fetal cells in research."

Our Lady of Lourdes

February 11

Patroness of bodily ills

Lourdes has become a place of pilgrimage and
healing, but even more of faith. Church authorities
have recognized over 60 miraculous cures, although
there have probably been many more. To people of
faith this is not surprising. It is a continuation of
Jesus' healing miracles—now performed at the
intercession of his mother...

Prayer

Our Lady of Lourdes,
give physical healing to all who invoke your
intercession. The saving waters at your shrine have
healed thousands of pilgrims. May all the prayers and
supplications directed to you be immersed in the waters
of your holy baths, so that what is asked may be granted
through your intercession and according to God's will.
Amen.

We thank our sponsors and request you to use their services.
