Jesus was THE consummate teacher who employed a variety of methods in His teaching such as illustrations, parables, questions & discussion, lectures, debates and object lessons to communicate His message in a way that connected to His audience. He met his learners where they were at in terms of their understanding and connected their lived experiences to spiritual truths.                                                                                      |
