**New Horizons**  
**World Day of Peace Message 2023**  
**By: Fr. Mark Watson, Pastor**

On January 1 the Catholic Church celebrates the Solemnity of Mary the Holy Mother of God. We also celebrate the World Day of Prayer for Peace. This year Pope Francis wrote the 55<sup>th</sup> Message for the World Day of Prayer for Peace which is entitled “Education, work and dialogue between generations: tools for building lasting peace.”

At the beginning of his message the Pope recognizes the various crises that face our world: diseases of pandemic proportions, climate change and environmental degradation, hunger and thirst, and an economic model based on individualism rather than solidarity. In spite of these he calls on people to build a world of peace. The Pope then proposes three paths to building a lasting peace: dialogue between generations, education as a factor of freedom, responsibility; and development and finally, labor as a means for the full realization of human dignity.

**Dialogue Between Generations to build peace**

The Pope writes that all honest dialogue demands basic trust between participants and that our world needs to regain this mutual trust. Promoting dialogue between generations will involve the difficult work of decreasing conflict and indifference in order to sow the seeds of a lasting and shared peace. This dialogue is essential as the young need the wisdom and experience of the elderly, while the elderly need the “support, affection, creativity and dynamism of the young. Great social challenges and peace processes necessarily call for dialogue between the keepers of memory – the elderly – and those who move history forward – the young.” The Pope exhorts elders to encourage the young to build a more just world and to protect the environment.

**Teaching and Education as drivers for peace**

The Pope bemoans the fact that in recent years governments have decreased the amount of money spent on education. Education is the primary means of bringing about human development and becoming free and responsible individuals. Education enables a society to generate hope, prosperity and progress. The Pope is concerned that military expenditures are taking away resources from education and job training. The Pope desires that societies promote “a culture of care” which would become a “common language working to break down barriers and build bridges.” The Pope would like to see the different groups within society begin to dialogue and to listen to one another.

**Creating and ensuring labor builds peace**

Pope Francis believes that labor is indispensable in order to build a society of peace since inherent in labor is cooperation with others. The workplace allows individuals to work together to build a more habitable and beautiful world. The Pope recognizes the challenges that Covid 19 caused for business owners and workers. The Pope is especially concerned about migrant workers who often are not protected under the law. The Pope believes that the answer to these problems is an expansion of dignified employment opportunities. He writes, “Work is a necessity, part of the meaning of life on this earth, a path to growth, human development and personal fulfilment” (*Laudato Si*, 128).

**Conclusion**

The Pope ends his message with a call to various leaders and to those of good will to strive to make the world a place of peace through intergenerational dialogue, education and work. In our own way may each of us contribute to building a world of peace.

## BLESSINGS

Today's readings include another account of the story of Jesus' birth. The reading from the book of Numbers reminds us that we are blessed. We are looked upon with kindness and grace. The psalm and Galatians remind us of the blessings given through God's Son. Luke tells of our ultimate blessing, that Mary, a human being like us, gave birth to a child who is God's Son. Mary, a young mother, watches all that is happening around the birth of her son. She listens as the shepherds bring messages from angels, a message she also received from an angel, about her son. Yet Mary remains silent. She keeps all this news about her son to herself. She reflects on all these experiences. The only thing she shares is the name of her son, Jesus, a name given him before he was even conceived. Her silence leaves us wondering if this is how one responds to such a great blessing. ## OUR FASCINATING FAITH Resolve to Spread God's Mercy and Peace

Imagine: two New Year's celebrations in little over a month! In late November, Advent began the new liturgical year, and today the secular New Year 2023 begins. In today's Gospel, everyone who heard it was amazed by the story the shepherds told of the angels' message regarding the child. Mary herself continued to reflect on all these things in her heart. With religious persecutions raging, international and domestic conflicts seething, our family and friends suffering various difficulties, and COVID not yet entirely in the rear-view mirror, not to mention our own personal problems, how much our world needs Jesus as another New Year veiled in mystery begins! As we pray for God's mercy to enfold our world and embrace each of us in 2023, let our New Year's resolution be to live for others, as Mary did, a channel of God's mercy and an instrument of Christ's peace.
