

STEAM CLUB

**CALLING ALL
STUDENTS IN GRADES
PRE-K 4 TO
GRADE 2!**

Get ready to tinker, build, and explore! In this hands-on club, our youngest scientists and engineers (Pre-K to 2nd grade) will dive into exciting challenges like building bridges, making simple machines, experimenting with colors and reactions, and exploring how things work. We'll learn through play, teamwork, and plenty of "wow!" moments. As a parent of two girls right here at our school, I can't wait to spark curiosity and creativity in our future inventors!

Where? At AMBS

What day/time? Tuesdays from 3-4 PM

What dates? The week of 9/15, 9/22, 9/29, 10/6, 10/27, 11/3, 11/10, 11/17, 11/24, 12/1, 12/8

What does it cost? \$352 for the 11 week session
