We are pleased to present four great speakers who have set the Catholic community on fire! Father Leo Patalinghug, gourmet chef and author of *Plating Grace*; Abby Johnson, former Planned Parenthood director, who is a leader in the battle against abortion; John-Henry Westen, co-founder and editor of *LifeSite News* and defender of our faith and family values, and (Father) Frank Pavone, who has been leading the pro-life fight for over 30 years.

FATHER LEO PATALINGHUG is a priest who is a member of the community of consecrated life, *Voluntas Dei* (The Will of God). He is the creator and founder of an international food and faith movement called *Plating Grace*, whose mission is to build relationships, strengthen families and communities, utilizing the power of food. Often on EWTN, *Plating Grace* has now reached thousands of people around the world to feed people body, mind and soul. His work aims to strengthen our own family relationships, while broadening the relationships we have as a global family.

ABBY JOHNSON is the inspiration behind the movie, *Unplanned*, which exposes the evil of Planned Parenthood. *Unplanned* is an account of Abby's life with Planned Parenthood and the moment it came crashing down, resulting in her becoming one of the leading pro-life advocates. Abby's latest film, *Unthinkable*, continues her pro-life battle. Her story has resonated with millions worldwide, making her one of the most provocative figures in the pro-life movement.

JOHN-HENRY WESTEN has dedicated his life to the defense of life, faith and family values. As the co-founder and editor-in-chief of *LifeSite News*, he has established a global platform that is a vital resource for people and organizations dedicated to the defense of human life and traditional family values. In addition to his work with *LifeSite News*, Westen is the founder of the Rome Life Forum, an annual gathering of global leaders in life, faith, and family advocacy.
