

## **Heaven is Here**

**Words and Music by Tom Bellizia**

**Heaven is here, heaven is now,  
As we join hands and hearts and gather round,  
Together here, all in God's time,  
Heaven and Earth joined with the one, to whom our spirits belong,**

**Jesus made this place for us, all His Saints are calling us,  
Come to the feast,  
Mother Mary pray for us, your son made the way,  
For even the least of us, for even the least of us,  
Heaven is here, Heaven is here, Heaven is here**

**Heaven is here, Heaven surrounds,  
Love in its perfect state of grace abounds,  
All who once lived, live here again,  
As they have done, done unto them,  
They called the Father their friend**

**Jesus made this place for us, all His Saints are calling us,  
Come to the feast,  
Mother Mary pray for us, your son made the way,  
For even the least of us, for even the least of us,  
Heaven is here, Heaven is here, Heaven is here**

**Repeat chorus**
