

Google Classroom 2022-2023

Google Classroom Codes

College Algebra 6gbimzk

Precalculus ihe3eht

Calculus gvktml5

I expect you to join Google Classroom. I will use it primarily to impart information to you. I will use it if I need to change an assignment, a due date, post solutions, etc. You are responsible for information on Google Classroom so you may want to turn on notifications.

The link for the Zoom sessions will be found on Google Classroom. This will be necessary if you are quarantined. I will not have Zoom sessions for other reasons. Be logged into Zoom and ready to begin at the correct time.

It may be necessary for you to turn in an assignment in Google Classroom. If so, you will need to take a picture of the assignment. Your pictures should be a white copy, without shadows, without borders, and uploaded in order (if there is more than one page). The following steps should be completed:

- Open the assignment
- Add attachment
- Camera
- Scan pages
- Save
- Turn in
