Parents,

I wanted to let all of you know that the SPX staff had a very impactful meeting with an outside agency this past Friday 10/27/23 relative to our school safety plan. We

have taken what we learned in that training and are currently updating all of our safety plans relative to shelter in place and lock down. Please note that if at all possible in an "Emergency situation", we will do our best to notify you all. In addition we will continue to practice with our students our Emergency preparedness.

One note that needs to be passed on is that during our training we were reminded that it is in the best interest of all involved, parents, students, staff and our local police force, that we turn the situation over to the first responders and to try and help eliminate any chaos within a lockdown situation. This means, parents are instructed to stay clear of the school until the authorities make us aware that ALL is CLEAR.

Thank you again for trusting us with your most valuable gifts and know that we are doing our best to ensure their safety at all times.
