

Pastor's Notes: The Good We Can Do This Fall**August 30, 2020**

So far 2020 has been a year that has seen many abrupt changes and cancellations. There is so much talk about what we are **not** able to do. However, there is much good that we **are** able to do in our parish, and I would like to focus on that for today's pastor's notes. We've now been able to have three months of public Masses since the pandemic with the health and safety measures in place. By the grace of God, we have not had any known coronavirus exposures or outbreaks at the Basilica. Our local schools have re-opened in various ways and our children are back to learning in a hybrid environment. For all these developments we can rejoice and give thanks. We are also going forward with several ministries and events this fall that will bring us together in prayer and community, both in-person and virtually, and I would like to highlight some of our programs here.
