Sharing Success

Most people in Turkana, Kenya raise livestock, and a few are farmers. But the hot and dry climate makes this work difficult—and climate change is making it even harder. Rebecca and Lotiang participated in a Catholic Relief Services program that installed a water well and taught them new farming techniques. They can support their family with their crops and are teaching others in their community what they learned. How can you use your skills and knowledge to help others? Visit crsricebowl.org to learn more. Rice bowls are available in the lobby.
