# Roots of Faith: A History of the Diocese of Baton Rouge

*It may be said of the faith of South Louisiana, that God, working through His people, "cleared the ground for [His Word], and it took root and filled the land" (Psalm 80:9)*

*Roots of Faith: A History of the Diocese of Baton Rouge* tells the story of the Church in South Louisiana. It begins with the settlement of the area by explorers in the 17th century and follows the progress of the people, the parishes, and the faith from early statehood through the 21st century. From the first Mass in Baton Rouge on the banks of the Mississippi to the rise of the oil industry, this book explores the ways Catholicism has shaped the area that became the Diocese of Baton Rouge.

## What Does the Book Include?

- Textual history of colonial times, the development of towns, the spread of the Catholic faith along the water- ways, and the formation of the Diocese
- A full-page history of each parish in the Diocese with pictures that show- case the art and architecture
- Both new and historic photographs which bring the development of the Diocese to life

*Praying the Angelus outside of Our Lady of Peace, Vacherie, undated*
