Gr. 3 → Gr. 4

June 2025

Dear Parents,

Summer packets and supply lists are being sent home with your child today. The summer packets are required to be completed and returned to the teacher during the first week of school in September. (For Pre-K3 and Pre-K4 students, even though we are asking for them to choose 2 books to read, only one book report is required.)

For **returning students** going into grades 3 – 8 in September, 20% of your grade for the Math packet will be scored through the IXL summer requirement. Please refer to "IXL Summer Boost: Math" pinned to your child's IXL Dashboard. The Skill Plan can be found by clicking the "Learning" tab.

Items on the supply lists may be purchased by you or ordered through the School Tool Box Company (please see the attached flyer). When ordering, enter our school name or zip code to locate our school. Please allow ample time to be able to receive your order prior to the start of school.

Thank you.

Respectfully yours,

Mrs. Filomena D'Amico

Explore the World of Reading

Reading during the summer vacation is the key to develop ideas and strengthen the mind of many new words. We encourage you to visit your local library and choose a book from your grade level.

Students should continue to select reading materials that are at the right reading level. One great source for parents and students is <http://www.scholastic.com/bookwizard/>. This site will guide parents to look up the title of the book, understand the content of the story and level of the book.

Enjoy your summer and remember to pick up a book and have fun creating a book project.

Choose One

- Write a summary of what you read. Be sure to include: main characters, setting, problem, resolution and a brief plot. Use evidence from your book to support your ideas
- Create a Book Trailer to sell the book to a fellow student
- Create a comic strip of a favorite scene that shows the character, situation and setting
- Draw your favorite scene from the book and describe why it's a favorite scene
- Write a new chapter of the book that shows what happens next or is told from another character's perspective
- Create a Character: Use a paper plate and attached circles to tell the name of the book, name of character, what he/she looks like, what he/she did in the story, why or why not you would like to meet the character, was it a real or make believe character?
- Create your own project: Be creative--is there another way you would like to show how much you enjoyed the book?

Review

Find the unknown.

$6 + \quad = 14$ Think: 6 plus what equals 14.

$14 - 6 = 8$ Use a related fact to find the unknown.

$\text{So, } \quad = 8$

$6 \times \quad = 30$ Think: 6 times what equals 30.

$30 \div 6 = 5$ Use a related fact to find the unknown.

$\text{So, } \quad = 5$

1. $9 + \quad = 16$

The unknown is _____.

2. $\quad + 4 = 12$

The unknown is _____.

3. $15 - \quad = 6$

The unknown is _____.

4. $15 \div \quad = 3$

The unknown is _____.

5. $9 \times \quad = 36$

The unknown is _____.

6. $11 \times \quad = 33$

The unknown is _____.

7. $8 \overline{)40}$

The unknown is _____.

8. $7 \overline{)49}$

The unknown is _____.

9. $9 \overline{)45}$

The unknown is _____.
